Water Main Break on Kirby Road Between Great Falls Street and Westmoreland Street

FALLS CHURCH, VA. – A 15-man Public Utilities crew is working to repair a 20-inch, cast iron water main break along Kirby Road. Both lanes of Kirby Road between Great Falls Street and Westmoreland Street are closed to all traffic except residents in the affected area.

In order to repair the break, water has been shut off to about 150 residences. City crews expect repairs to take 12 hours; water service will be restored to affected customers at approximately 3 a.m. on Saturday, July 24, 2004.

Both the fire and police departments for the City as well as for Fairfax County have been notified.

This water main is operated by the City of Falls Church water utility.

Further information will be provided on this water main break as it becomes available.
